CSS Background Patterns
1K CSS-Tricks / 2d
Nice little tool from Jim Raptis: . A bunch of easy-to-customize and copy-and-paste backgrounds that use hard stop CSS gradients to make classy patterns. Not quite as flexible as SVG backgrounds , but just as lightweight. Like this:

Thinking Outside the Box with CSS Grid
100+ CSS-Tricks / 6h
Great tutorial from Alex Trost (based on some demos, like this one , from Andy Barefoot) showcasing how, while CSS grid has straight grid lines across and down, you can place items across grid lines creating a staggered effect

How to Learn Coding: Approach is Everything
100+ freeCodeCamp.org / 14h
Here are tips to learn coding in a more efficient way. They are backed by research in Neuroscience, Behavioral Psychology, and over a decade of experience. You can spend months going to the gym and still see zero results

React Movie App Tutorial - Build A Fun Portfolio Project with React and the OMBD API
freeCodeCamp.org / 9h
In this React movie app tutorial, we're going to: Use a real API to search for movies as we typeCreate a "Netflix style" horizontal scroll effectAdd movies to and remove them from our favouritesSave our favourites to local storage to

Google accusé de préparer des coups tordus contre l'Europe, son patron s'excuse
La Revue du Digital / 23h
Un document confidentiel révélé par Le Point crée une tension entre l'Europe et Google. Ce document liste les actions destinées à affaiblir un futur texte réglementaire préparé par Thierry Breton, commissaire européen au marché

Les chantiers digitaux, data et informatiques s'accumulent chez Picard Surgelés
La Revue du Digital / 1d
Avec l'objectif d'atteindre un chiffre d'affaires de 2 milliards d'euros dans les années qui viennent, la nouvelle Présidente de Picard Surgelés, Cathy Collart Geiger, arrivée seulement depuis juin 2020, met les bouchées doubles afin de
